

What do we want to accomplish for 2026?

- 1. Ai goals
- 2. New client acquisition
- 3. Systems goals
- 4. Partnership goals
- 5. Corporate culture goals
- 6. New staff
- 7. New products (WebReno)

- a. Systems goals - dev and scaling:
 - i. Marketing system outbound/dev/strategic (40%)
 - ii. Customer service (80%)
 - iii. Crisis management (0%)
 - iv. Accounting (60%)
 - v. Sales (20%)
 - vi. SEO system (Brendon's SOP?) (10%)
- b. 35% efficiency
- c. The goal is to:
 - i. Build and test an SOP for each area
 - ii. Assign an area leader
 - iii. Create for each a redundancy person and system/application
 - iv. Build and implement a map to success
 - v. Implement AI to accelerate efficiency

- a. New staff goals:
 - i. ****Interviewers - 25
 - ii. Click up managers - 5
 - iii. Ashley is the click up director
 - iv. QA/editors - 13
 - v. Senior editor for - 1
 - vi. ****Interviewer - training and evaluators - 5
 - vii. Sales people - 7
 - viii. Sales manager - 1
 - ix. Marketing editor - 1
 - x. Creative lead - 1
 - xi. Creative assistant - 1
 - xii. New staff: 60

- a. New product(s) - WebReno
 - i. SOP
 - ii. Marketing launch
 - iii. Pricing schema
 - iv. Customer service
 - v. Product UX
 - vi. Monthly maintenance
 - vii. Product overview and details
 - viii. Case studies
 - ix. Ongoing QA
 - x. Product evaluation
 - xi. Tech stack(?)
 - xii. Ai agency (?)
 - xiii.

- 1. AI goals
 - a. The HTE The entire onboarding, content creation and publishing and delivery process (send to client) systems must be 100% AI agent automated
 - b. NOTE: the only thing in the HTE system that is human is the QA and editing processes
 - c. Our own marketing and outreach system is AI automated
 - d. Our CRM is AI integrated/managed (all status' and notification and logging and updates are done with AI agents that recognize where projects are in the flow of the system themselves (so we're only required to watch the dashboard 'happen')
 - e. The entire SEO/AEO reporting (analytics) done by AI - we need to know how affective we are every day
 - f. All SEO/AEO and WebReno audits are 100% AI automated
 - g. All technical fixes and suggestions are ai automated and sent to editor for QA (ultimately all content changes are automated)

- i. Corporate culture goals:
- ii. Out of office
 - 1. Affiliate with charities
 - 2. Build a bursary for universities
 - 3. Become educators at seminars
- iii. In the office
 - 1. Develop team leaders
 - a. Create empowerment goals
 - b. Game model
 - c. Swag rewards/big rewards
 - d. Yearly get together
 - e. Brand the team
 - f. Promote the team
 - g. Get the team selling our CC
 - h. Staff moves from contractors to full time staff (locked in)
 - i. Benefits (medical)
 - j. Investment matching

- a. New client goals - HTE Division
 - i. Active HTE Clients: 250
 - ii. Currently (16)
 - 1. Real estate agents
 - 2. Loan officers
 - 3. Insurance companies
 - 4. Charities
 - 5. Lawyers
 - 6. Senior living
 - 7. Consulting based companies
 - a. (companies with expertise bases businesses)
 - iii. Where are these clients coming from?
 - 1. IDXC - 70
 - 2. Future one agency - 5
 - 3. Charity sarah - 30
 - 4. Deli/alameda - 35
 - 5. RT inbound - 25
 - 6. Current RET database - 20
 - 7. Future partnership(s) - (65)
- a. Partnership goals:
 - i. What kind of partners do we need:
 - 1. Partners with large client lists
 - 2. Partners with educational training and upgrading abilities
 - 3. Lateral industry partnerships for each fo the core systems we have.
 - a. This can be for:
 - i. software
 - ii. Tech expertise (ai integration)
 - iii. Accounting and legal
 - iv. Cross border expansion
 - v. Taxation and legal
 - vi. Human resources
 - vii. Outbound affiliation program development
 - viii.
