

Hot Take Engine | Transforming Insights into AI-Visible Content

Slide 1: The Problem

Headline: Your Expertise is Invisible Without a System

Copy:

- Social media posts disappear in the scroll.
- Generic blogs don't get cited in AI or found in Google.
- Your real insights stay stuck in conversations with clients instead of working for you online.

Visual: Fading Instagram/TikTok feeds vs. bold "AI Overview box" screenshot.

Slide 2: The Shift

Headline: Search is Moving from Keywords to Conversations

Copy:

- AI Chat and Overviews are reducing organic click-through rates by up to ~35%
- AI doesn't "know" - it builds consensus from existing content.
- To show up, your voice must already exist in the places AI pulls from.

Visual: Split screen: "Old Google" (10 blue links) vs. "New Google" (AI Overview card).

Slide 3: The Solution

Headline: The Hot Take Engine

Tagline: Transforming Insights into AI-Visible Content

Copy:

- One recorded conversation powers an entire month of blogs + social media.
- AI-augmented, persona-driven, SEO-ready.
- Built to surface in both Google search and AI Overviews.

Visual: Engine graphic with arrows: *Conversation In* → *Blogs + Social Snippets Out*.

Slide 4: How It Works

Headline: Conversations Become Content

Copy:

1. Monthly or bi-monthly 1-hour recorded video call.
2. Guided questions pull out insights, stories, and market expertise.

3. Editorial refinement turns transcript into:
 - 8 polished blog articles
 - 12+ of social snippets (ready to post)
4. Delivered back for review, approval, and posting.
Visual: Funnel or pipeline illustration.

Slide 5: Content Themes

Headline: The Engine Targets What Matters

Copy:

- Buyer and seller psychology
- Market interpretation and forecasting
- Target audience AI questions
- Myth-busting and education
- Stories from the field
- Local happenings and micro-expertise

Visual: Icon grid (lightbulb, chart, question in chat bubble, myth-busting stamp, map pin, handshake).

Slide 6: The Output

Headline: Deliverables You Can Count On

Copy:

- 8 persona-driven, AI-ready blogs (SEO optimized)
- 12+ social snippets per call, formatted in spreadsheet for easy copy/paste posting
- Sourced visuals and metadata (title, description, tags) included

Visual: Example content calendar screenshot mockup.

Slide 7: Why It Works

Headline: Authority That AI Can't Ignore

Copy:

- Content is rooted in real conversations, not keyword guesses.
- Structured to match how users engage with AI and how AI assistants build answers.
- Fresh, consistent, persona-targeted output builds brand trust.
- Scales your expertise without scaling your workload.

Visual: AI Overview box citing client's content (mocked).

Slide 8: Case Study / Proof (Optional Placeholder)

Headline: From Conversation to Market Authority

Copy:

- Example: One 60-min call → 8 blogs + 12+ social posts.
- Result: Consistent content pipeline that surfaces in AI, boosts SEO, and feeds all channels.
- Measurable lift in search impressions and engagement within 60 days.

Visual: Before/after graph of visibility.

Slide 9: Packages & Pricing

Headline: Choose Your Engine Speed

Copy:

- **Monthly Engine**
 - 1x 60-min call
 - 8 blogs & 12+ social snippets
- **Bi-Monthly Engine**
 - 2x 60-min calls
 - 16 blogs & 24+ social snippets
- Add-ons: Video cuts, email newsletters, custom graphics

Visual: Clean side-by-side package table.

Slide 10: The Commitment

Headline: Light Lift, Big Output

Copy:

- You show up for one hour.
 - We deliver a month of content.
 - Simple review and approval workflow.
 - Ready-to-post deliverables for your team.
- Visual:** Stopwatch + stack of blog/social posts.

Slide 11: Call to Action

Headline: Let's Get Your Engine Running

Copy: Your expertise deserves to be the first answer people see - in Google, in AI, and in your market. The Hot Take Engine makes it possible. **CTA:** "Book Your First Engine Session"

Visual: Bold button-style CTA with ReadTomato branding.
